SUMMARY

Final-year B.Sc. (Hons.) Computer Science student with a strong interest in software development and hands-on experience building software, web, and mobile applications. Skilled in Python, JavaScript, React, Node.js, Flutter, and database technologies, with experience developing full-stack and cross-platform projects. Passionate about learning new technologies, solving problems through programming, and turning ideas into practical applications. Seeking internship and academic opportunities to strengthen technical skills, gain real-world experience, and contribute to meaningful projects.

EDUCATION

Tribhuvan College, Nalanda University
Bachelor of Science in Computer Science

Rajasthan, India
Aug 2023 – Present

EXPERIENCE

Flutter App Developer Intern, Techobytes

IIT-Madras
June 2025 – Aug 2025

- Learned and applied Flutter and Dart for developing cross-platform mobile applications during the internship.
- Independently built 3+ functional apps — including a Note App, To-Do App, and Weather App — covering core UI and functionality.
- Designed custom UI widgets, layouts, and navigation flows across multiple Flutter projects.
- Strengthened debugging and problem-solving skills through hands-on, project-based development.

PROJECTS

College Academic Management Portal

Full-Stack Web Application

- Developed a centralized academic portal for students, teachers, and administrators, supporting 3 user roles across 6+ modules (attendance, timetable, syllabus, courses, classes, announcements).
- Built a role-based admin system enabling administrators to manage subjects, teachers, courses, and timetables across the platform.

WatchParty.website

React, Node.js, Socket.io, WebRTC, Firebase

- Built and deployed a full-stack web application (watchparty.website) enabling users to create private watch rooms and stream video synchronously with friends remotely.
- Engineered real-time video synchronization, live chat, video calling, and screen sharing using WebRTC and Socket.io, supporting multiple concurrent connections per room with minimal playback lag.
- Integrated Google OAuth for secure authentication, along with backend services managing room creation, session state, and user access control.

KEY ACHIEVEMENTS

Nibble Tech Fest

Secured 3rd position in Nibble 2025, the Tech Fest organized by Tribhuvan College, and actively participated in various technical and extracurricular activities.

Sports Fest

Secured 3rd position in Chess and won the Cricket competition at the college-level Sports Fest, demonstrating teamwork, strategic thinking, discipline, and a competitive spirit.

SKILLS

Technical Skills

- Languages: Python, Java, C, C++, JavaScript, Dart
- Web: HTML, CSS, React, Django, Node.js, Express.js
- Mobile: Flutter, React Native, Kotlin
- Database: MySQL, PostgreSQL, Firebase
- Tools: Git, GitHub, Vercel, Render, Vite

Soft Skills

- Languages: Hindi, Urdu, English
- Interpersonal: Team Collaboration, Problem Solving, Quick Learner
- Hobbies: Cricket, Chess, Building Side Projects
